

✠ 2021 LENTEN APPEAL ✠

ST. JAMES GLOUCESTER, VA

WHAT IS A GLEBE?

A glebe is farmland traditionally given to the church to support and house clergy.

St. James is located on the historic Abingdon Glebe. The land was first given to the church in the early 1700s and then gifted to the APA in 2006. Situated on 65 beautiful acres of fields and woods, it contains a historic glebe house/parsonage, the current church building, and eight other outbuildings/barns.

Dear Clergy and Parish Leaders,

We are about half-way through the Lenten Season, and I want to issue a reminder to all of our members how important our Lenten Appeal is for a domestic mission church.

Please pray seriously for the success of our current 2021 Lenten Appeal.

Remember each member setting aside a dollar fifty (\$1.50) per day will help us meet this worthy goal for God's Kingdom. Our projected goal for this year's Appeal is \$100,000.

It will take all of us of our jurisdiction to make this goal a success.

God bless you and give us all a successful Lent,

+ *Walter H. Gunday*
